

THE IVY NETWORK  
GENERAL CONVENTION MEETING

- Minutes -

The meeting was held in the Social Science Lounge of the Firestone Library in Princeton, N. J. on Friday, April 27, 1951. James Leslie acted as chairman.

Directions were given as to the location of Charter Club and the Seminars in the Library to be used the next day. The agenda for the Convention was reviewed, and it was announced that there would be a continuation of this meeting on Saturday afternoon if necessary. The voting at this meeting was to be done by the Station Managers of the various stations.

Jim Leslie opened the discussion about the rotating chairmanship of the Network with a review of its inconveniences. It may be nothing but an honorary position but many letters come to him which must be forwarded to New Haven. As Station Manager he has enough trouble keeping up with his own work. It is difficult for a person who is out of contact with the Network to be Chairman of it. Last year it was suggested that the Chairmanship be kept at Yale.

Phil Colcord said that Yale wouldn't mind this, but if the Chairmanship were rotated, interest of the various stations would be kept up. It was then suggested that the rotation be kept up with a secretary established at Yale to carry on the usual business, and to make all decisions.

Jim Leslie proposed that there be a Board at New Haven consisting of a Business Manager, Advertising and Program Directors, and a Chairman who would be a coordinator. Phil Colcord agreed with this, only he changed the Chairman at Yale to a Secretary and kept the Chairmanship rotating, with the Chairman being responsible only for the preparation of the Ivy Convention.

After Paul Piret suggested a three man Executive Committee at New Haven with no Chairman ~~in~~ in the ~~the~~ Stations, there was some discussion as to the prestige that a Station acquires when it has the Chairmanship. It was decided that this was not enough to mean much.

Joel Breslau brought out the point that a Station should show interest more than once every six years, and then suggested that Ivy send bulletins more often.

After more discussion in which it was brought out that the Station Manager doesn't have to be the Chairman, and that we could have a four man Board at New Haven without a change in the Constitution, the rotating Chairmanship question was tabled and a motion was passed establishing a four man Board which included a Program Director.

The meeting was adjourned to be continued Saturday afternoon.
